

BRUNO CORRAO

Software Engineer

SUMMARY

Creative, detail-oriented, software engineer with a deep interest in AI. Proven track record of creating and implementing successful front and back end web applications. Looking to bring my skills to a tech company with global reach.

WORK EXPERIENCE

Software Engineer at 100devs, Los Angeles, CA

October 2021 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

Recent Projects:

Casa De Chivilcoy (Landing Page) - Designed for an educational institution that holds young students from Chivilcoy, the web brings and compresses vital information about requisites for applying. It also shows the house amenities.

GS-flexibility (Landing Page) - Designed portfolio for a circus artist that brings interactive and animated elements to show information about her and the services she can give to people. It also holds points of contact to interconnect her social media and nourish interactive feedback.

Other Projects: Vegan Paradise Co, Movie WList, Story-book teller, On-demand background color changer for Partnered Twitch streamer, and many more.
